Whyte

Colin Williams DipPFS, Cert CII (MP)
West and Wales

I am a qualified financial planner with 22 years experience in the profession.

For the past 17 years I have worked for Lloyd & Whyte, specialising in the provision of holistic planning to healthcare professionals, through our relationships with many of the UK's top professional associations, including the British Dental Association, British Veterinary Association and the Association of Optometrists, to name a few.

I believe that understanding people is key to helping clients achieve success, whether in their career or personal lives. Having a plan and taking the time to monitor and review it, helps to focus my clients on what really matters to them.

I advise on the more complex aspects of personal financial planning, particularly 'pre' and 'post' retirement advice - working with my clients to fulfil their aspirations.

I regularly attend events and conferences with our key Affinity Partners and present on various aspects of financial planning.
