

Your local Independent Financial Adviser

Lloyd &
Whyte

David Beckett DipPFS
East of England

I am a Financial Planner and Wealth Manager with over 10 years professional experience.

I advise professionals and business owners on their private financial affairs. Many are healthcare professionals introduced to Lloyd & Whyte by their own professional associations or other professional advisers.

My approach is holistic and therefore to advise I need to fully understand a client's position and what matters most to them. At Lloyd & Whyte, we spend a lot of time listening to our clients' hopes and concerns.

Retirement planning is my specialism and with pensions now so complex, our expertise and experience across the team makes us the right choice for healthcare professionals.

My aim is to take the time to get to know you and not simply offer standard answers. My recommendations are those which I believe are most suitable for you based upon your own aspirations, priorities and individual circumstances.

What can financial planning do for me? >>

Financial Planning...

What can financial planning do for me?

It brings direction, structure and results.

It brings all of your thoughts, worries and aspirations into a structured process that enables you to systematically work through them.

Thoughts become goals, worries are taken care of and aspirations can begin to feel more like a reality, however distant.

What matters to you?

Identifying what you want to achieve is crucial. Your objectives over the short, medium and long term will define your financial plan and ultimately deliver the results you want.

Once you have a definitive goal or target you are far more likely to achieve it. Similarly, working with someone who is helping you to stay focussed and on track just adds that extra incentive.

Example scenarios:

Recent graduate or young professional?

- **Basics:** Income, debt and cashflow management, protecting your income and future earning potential.
- **Considerations:** Save for a deposit for your first flat or house, starting a retirement fund (however small).
- **Aspirations:** Thoughts of buying into or owning your own practice.

Established professional taking life's big steps?

- **Basics:** Wider financial protection for all your commitments which supports a growing list of dependants, developing purposeful retirement provision, taking advantage of tax efficiencies.
- **Considerations:** A bigger or forever home, savings and investments for holidays, supporting future education, university or weddings, treating yourself to the new car.
- **Aspirations:** Buying into or practice purchase, developing other income streams, investing in a second property for holidays, rental and longer term retirement funding.

50 plus and preparing to enjoy the fruits of your labour?

- **Basics:** Understanding your assets, ensuring your retirement fund is ready for action, know your pre and post retirement options, including flexible pension implications.
- **Considerations:** Outlay for university fees or weddings, developing other income streams, investing in property, downsizing your home, thinking of your practice exit strategy, inheritance tax considerations.
- **Aspirations:** Enjoying the retirement you want, seeing the world, helping the kids and grandchildren.
